a certain amount to the purchaser of the pasture and graze their cattle. Accordingly the sale of the pasture of the said lands for the current official year (1894-95) was duly notified and conducted on the 14th November 1894. The right was bidden by one Veerabamma acting for 3 Ryots. Sufficient number of people not having assembled at the time of sale and the amount bid for being small the Amildar ordered a re-sale on the 6th idem. In the meanwhile, that is on the 5th November 94 the petitioner presented a petition to the Amildar stating that if the pasture were sold, the purchaser would demand exorbitant rates from them and that therefore some 8 or 10 waste numbers should be set apart for them and the Amildar

The Hulbaunt which has been already sold will not of course be interfered with. But it is desirable that the Dy. Commr. should carefully ascertain whether the Petitioners have, as alleged a real grievance. Is it true that they should

pass

Amount fixed thereon at Rs. 40/-
and taken from them. As the
petitioners had their own free gomasta
their offer of Rupees 40 was taken as
the first bid and the pasture
sold on the 16th November 1894, when
it was knocked down to one Ameer
Sahi for Rupees 73-8-0. Thereupon
the petitioners appealed to this office,
but they were informed that as the
pasture
had already been sold by public
auction nothing could be done
in the matter. Against this they
have now appealed to Government.

particulars regarding the petition
of Ranga and other ryots of
Beechanahalli in the Kunigal Taluk,
praying that a portion of the

be assigned as gomal to their
village, I have the honor to state
as follows:-

2. Beechanahalli is a hamlet
attached to the Asali village of
Hale Coroo. There are 517 head of
cattle owned by the ryots of these
two villages; Beechanahalli
ryots alone owning 239. Survey No

a part as Gomal for Hale Coroo.

their grazing lands or
to the Siddanahalli

extent of the grazing
land left to the petitioners

the number of the cattle
they have? 2. If it is con-
-sidered that their
cattle should pass
through the lands of
Kaneiya Hobli village
they cannot: should
report what is proposed
to be done with regard to
such lands and for
the purpose of removing
the grievance complain-

But this no: is reported to be at a dis-
-tance of 5 miles from Beechanahalli
and on the score of its distance, Petitioners
are anxious to secure fractuage for
their cattle near home. They therefore
pray that survey no: 459 an unassessed
waste land measuring A G 2-23 in the
Hagigehalli village, may be attached
as Gomal for their village. There is
no objection to this request being
granted.

3. In addition to the concession
Petitioners ask that nineteen waste
numbers measuring A G 55-20 and ten
assessed at Rupees 20-6-0 in the same
Hagigehalli village may also be
allotted to them on the condition of
their paying the average Kulkani
receipts thereon for the last 3 years
and of their relinquishing such of
them as may be applied for for
cultivation. I am of opinion that
after the allotment of sufficient Gomal in survey no: 459, as men-
tioned in para 2 above, there is no
reason why these assessed numbers
should not be added as usual for
Kulkani
